P	Bridge 9, Oxford Canal	Central Shires and South East
Q	Napton Junction, Grand Union Canal	Central Shires and South East
R	Bridge 175, Grand Union Canal	South East and London

waterscape.com

Waterscape.com is the UK's first comprehensive online leisure guide to all of the country's inland waterways.

There's plenty going on by the water, whatever the time of year and whatever your interests and the best place to look is Waterscape.com.

You can book a boating holiday, license your own boat, plan an inland waterways cruise, discover great places to stop along the way, find waterside attractions to enjoy from country pubs to waterside parks, or find a waterside event near you.

Waterscape.com also has a dedicated section just for boaters:

- **Boaters' Guides**
  The Boaters' Guides feature maps of every waterway with boaters' facilities clearly marked. They also include advice on unusual locks and bridges, waterway dimensions, and details of any keys you will need.

  The guides are completely computer-generated. All the information is held in a central database. Whenever you download a guide from Waterscape.com, it will take the very latest information and compile a 'fresh' PDF for you. Go to www.waterscape.com/boating/guides and download the waterways of your choice.

- **Renew your licence on-line**
  You can renew your boat licence on-line, just log on to www.waterscape.com/renewal. You'll need your renewal letter to hand, along with your Boat Safety and insurance certificates, and a credit or debit card.

- **Stoppages**
  All BW's engineering works (known as stoppages) and any unscheduled works, can be viewed and downloaded from www.waterscape.com/boating/stoppages

- **Thinking about buying a boat?**
  Then check out the Waterscape.com's buying a boat section, with useful information from what type of boats there are, to what you will need when you own a boat and much more.
  Visit www.waterscape.com/boating/buying
